PROGRESSIVE
SCHOOL LETTINGS

Empty after 3:30?
Let's change that.

Fully managed school lettings — income for your school,
a home for your community. At zero cost to you.

What we take off your plate

1. **Marketing & filling** — We find the clubs and groups — 560+ hirers in our network.
2. **Vetting & compliance** — Safeguarding policies, welfare leads and Enhanced DBS checks before any keys.
3. **Staffing every session** — Our DBS-checked staff open, supervise and lock up. GPS-verified attendance.
4. **Bookings & payments** — Online booking, invoicing and debt chasing — all handled.
5. **Transparent reporting** — Your own portal: live income, monthly statements, facility usage.

Safeguarding-first. Evidence, not assurances.

- **KCSIE 2026 ready**
  Our policies were rewritten from scratch for the statutory guidance in force from 1 September 2026 — and they cover community lettings explicitly.

- **No paperwork, no keys**
  Hirers working with children provide their safeguarding policy, a named welfare lead and Enhanced DBS checks before their first session.

- **GPS-verified supervision**
  Our on-site staff clock in through VISTA, our staff app — attendance is GPS-verified and spot checks are logged and time-stamped during every letting.

- **Same-day escalation**
  Any concern goes to your school's DSL the same day, with a written record.

- **School use always first**
  Your events are blocked out in advance. The community fits around the school — never the other way round.

- **One partner for a whole trust**
  We work across 5 multi-academy trusts. One agreement, a single trust login, consistent reporting on every site.
